

New Mexico Property Insurance Program

N.M. F.A.I.R. PLAN

(505) 878-9563

July 15, 2010

To All Member Companies:

IMPORTANT INFORMATION

Posted on the Website are the percent of participation figures based on the premiums written for 2009. Although we are not anticipating an assessment in the near future I would like to clarify that the attached spreadsheet is not entirely correct. All percentages posted in red at 0.0000 would incur a minimal assessment if one were to occur. When correcting the spreadsheet to reflect Min. in the percent column, it alters the total percentage at the bottom of the column which is incorrect.

Also, 2010 Insurer's Premium Report will not be calculated and posted until each Member Company closes 2010 and reports your yearend premiums to the New Mexico Superintendent of Insurance and NAIC. In a normal year these numbers would be available at our website by May 1.

Sincerely,

Terrie Dunlap

Plan Supervisor
